1. Newly built quarters for the TP companies awaiting assignment. The building is about 50 x 12 m, brick-built, with raised ground floor and a basement. The building contains about 10 rooms, 5 x 5 m, which are used as company offices, stores and billets. When the building is occupied there is a two-men guard at the entrance which is in the middle of the north-east side.
2. Quartermaster's stores for the 1st TP in farm buildings belonging to the castle. The farm buildings cover an area of about 50 x 50 m with buildings connected with one another in a square round the yard. The buildings are two-storied and 8 x 10 m large each. The stores are in the barns extending south-west from the entrance to the yard.
3. Castle ZELENA HORA.

Legend for the sketch of the castle:

1. Access road branching off steeply from the crossroads at the north end of NEPOMUK. The road for its steepness is very inconvenient for vehicles.
2. Wooden road bar painted red and white, shutting off access to the castle and operated by a sentry on duty at the entrance.
3. Round tower, diameter about 7 meters, height 6 m, a checkpoint for vehicles entering or leaving the castle.
4. Ramparts surrounding the castle; stone, about 12 m above the level of the castle court.
5. Building about 20 x 10 m, two-storied; contains the battalion dispensary, medical personal quarters and guard quarters.
6. Quartermasters' stores in a former chapel, about 10 x 15 m, 4 m high.
7. Two buildings adjoining the south-west wall of the castle; ground-floor, probably stores.
8. Castle, U-shaped, the main part 60 m long, the wings 35 m long, three floors; contains offices, stores, kitchen, messhall. The NCO school has the third floor.
9. Passage under the south-west wing.
10. Square tower on the east corner of the castle.
11. Lime trees in the courtyard.
12. Outer yard with a parking place for battalion's vehicles.
